TO: THE COMMISSION

FROM: Utilities Division

DATE: January 2, 2008

2008 JAN -2 P 2:28

AZ CORP COMMISSION
DOCKET CONTROL

RE: IN THE MATTER OF RULEMAKING TO AMEND EXISTING RULES AND/OR ESTABLISH NEW RULES REGARDING THE COMMISSION'S REQUIREMENTS FOR APPLICATIONS REQUESTING APPROVAL TO OBTAIN A NEW CERTIFICATE OF CONVENIENCE AND NECESSITY OR EXTEND AN EXISTING CERTIFICATE OF CONVENIENCE AND NECESSITY FOR WATER AND SEWER UTILITIES (DOCKET NOS. RW-00000B-07-0051 AND RSW-00000A-07-0051)

Pursuant to the vote of the Arizona Corporation Commission during the January 17, 2007 Open Meeting, the Hearing Division requested that a new docket be opened for a rulemaking proceeding regarding Arizona Administrative Code Rules R14-2-402 and R14-2-602 ("Rules"), the applications for new Certificates of Convenience and Necessity ("CC&N") and extensions of CC&Ns. The proposed changes to the Rules require that additional information be included in the applications generally relating to need, technical issues and financial matters.

On March 6, 2007, the Utilities Division distributed the proposed Rule changes requested by Commissioners to approximately 400 interested parties and invited written comments. Eleven parties docketed written responses. On April 25, 2007, a special Open Meeting was noticed regarding these dockets and on June 8, 2007, a meeting was held among interested parties, with Commissioners in attendance, to discuss the proposed Rule changes. Some of the written comments and comments from the meeting have been incorporated into the proposed Rule changes.

Staff recommends that the proposed changes to the Rules be forwarded to the Secretary of State for Notice of Proposed Rulemaking. Staff further recommends that the Hearing Division schedule a public comment proceeding on the proposed changes to the Rules no earlier than thirty days after publication in the Arizona Register, but as soon as practicable thereafter, in Phoenix and/or Tucson, Arizona.

Ernest G. Johnson
Director
Utilities Division

DECISION NO. _____
ORDER

15
16 Open Meeting
January 15 and 16, 2008
17 Phoenix, Arizona

18 BY THE COMMISSION:

19 FINDINGS OF FACT

20 1. At the January 17, 2007 Open Meeting, the Commission requested that the Hearing
21 Division open a new docket for a rulemaking proceeding regarding Arizona Administrative Code
22 Rules R14-2-402 and R14-2-602 ("Rules"), the applications for new Certificates of Convenience
23 and Necessity ("CC&N") and extensions of CC&Ns for water and sewer utilities.

24 2. The proposed changes to the Rules require that additional information be included
25 in the applications generally relating to need, technical issues and financial matters.

26 3. On March 6, 2007, the Utilities Division distributed the proposed Rule changes
27 requested by Commissioners to approximately 400 interested parties and invited written
28 comments. Eleven parties docketed written responses.

7. Staff further recommends that the Hearing Division schedule a public comment proceeding on the proposed changes to the Rules no earlier than thirty days after publication in the Arizona Register, but as soon as practicable thereafter, in Phoenix and/or Tucson, Arizona.

2. It is in the public interest to issue a Procedural Order in this matter as requested by Staff.

IT IS THEREFORE ORDERED that the proposed changes to the Rules be forwarded to the Secretary of State for Notice of Proposed Rulemaking.

Group	Baseline	Training	Test
Control	~92%	~95%	~90%
MCI	~85%	~88%	~60%
AD	~65%	~70%	~40%

1 IT IS FURTHER ORDERED that the Hearing Division schedule a public comment
2 proceeding on the proposed changes to the Rules no earlier than thirty days after publication in the
3 Arizona Register, but as soon as practicable thereafter, in Phoenix and/or Tucson, Arizona.

4 IT IS FURTHER ORDERED that this Decision become effective immediately.

**TITLE 14. PUBLIC SERVICE CORPORATIONS; CORPORATIONS AND
ASSOCIATIONS; SECURITIES REGULATIONS**

CHAPTER 2. CORPORATIONS COMMISSION FIXED UTILITIES

ARTICLE 4. WATER UTILITIES

Section

R14-2-402. Certificate of Convenience and Necessity for water utilities; ~~abandonments~~

ARTICLE 6. SEWER UTILITIES

Section

R14-2-602. Certificate of Convenience and Necessity for sewer utilities; ~~additions/extensions;~~
~~abandonments~~

ARTICLE 4. WATER UTILITIES

R14-2-402. Certificate of Convenience and Necessity for water utilities; ~~abandonments~~

A. For purpose of this rule, "contiguous" is defined with its common, ordinary and approved meaning: In actual close contact; touching; bounded or traversed by.

~~**A.B.**~~ Application for new Certificate of Convenience and Necessity or extension of Certificate of Convenience and Necessity

1. Any person or entity who desires to construct and/or operate a water utility will, prior to commencement of construction of utility facilities, file an application for a Certificate of Convenience and Necessity with the Arizona Corporation Commission.
2. ~~Six copies of each~~ Each application for a new Certificate of Convenience and necessity or extension of a certificate of Convenience and Necessity shall be submitted in a form and number prescribed by the Commission and shall include, at a minimum, the following information:

- a. The proper name and correct address of the proposed utility company and its owner, if a sole proprietorship, each partner if a partnership, ~~or~~ the President and Secretary if a corporation, managers(s) and/or members of the L.L.C. (if management is reserved to the members) if a L.L.C.
- b. A copy of the applicant's Articles of Partnership or Articles of Incorporation ~~for the applicant~~ and/or Bylaws if the utility is a non-profit organization or association or Articles of Organization if the utility is an L.L.C. for a new Certificate of Convenience and Necessity or the applicant's Certificate of Good Standing for an extension.
- e. ~~The type of plant, property, or facility proposed to be constructed.~~
- ~~d.c.~~ A complete description of the facilities proposed to be constructed, including a preliminary engineering report with specifications in sufficient detail to properly describe the principal systems and components ~~which meet the requirements of the health department. Final and complete engineering specifications shall be supplied when they become available (e.g. source, storage, transmission lines, distribution lines, etc.) in order to verify the costs submitted as part of R14-2-402(A)(d) and to verify that the requirements of the Commission and the Arizona Department of Environmental Quality can be met.~~
- d. The estimated total construction cost of the proposed off-site and on-site plant facilities, including documentation to support the estimates, and an explanation of how the construction will be financed, such as, but not limited to debt, equity, advances in aid of construction or contributions in aid of construction.

- e. ~~The rates proposed to be charged for the service that will be rendered.~~ The financial condition of the applicant.
- f. ~~The estimated total cost of the proposed construction.~~ The rates proposed to be charged for the service that will be rendered.
- g. ~~The manner of capitalization and method of financing for the project.~~
- h. ~~The financial condition of the applicant.~~
- i.g. The estimated annual operating revenues and expenses that are expected to accrue from the proposed construction for the first five years of operation, including assumptions made to derive the estimates.
- j.h. The estimated starting and completion date of the proposed construction. If construction is to be phased, the phases shall be described in detail.
- i. A copy of any requests for service for the area under application with the requested water service provider identified.
- k.j. Maps of the proposed service area identifying:
 - i. The boundaries of the area under application with the total acreage noted.
 - ii. Land ownership boundaries indicating the acreage of each parcel within the area under application if the area under application is comprised of two or more parcels that are owned by different parties.
 - iii. The owner of each parcel comprising the area under application.
 - iv. The corporate limits of any city or town that cross or are within five miles of the area under application.

- v. The service territory of any public service corporation, municipality or district currently providing water or wastewater service within one mile of the area under application, the name of any such entity and type(s) of service(s) being provided.
- vi. The location of any known water service connections with the area under application.
- vii. The location of all proposed developments for the area under application.
- viii. The proposed location of all principal systems and components described in R14-2-402(A)(2)(c).
- ix. The location of all parcels for which a copy of a request for service has been provided per R14-2-402(A)(2)(i).
- k. A copy of the applicant's notice of the application to all the landowners in the area under application who did not request service.
- ~~l. Appropriate city, county and/or state agency approvals.~~
- l. The written response to the notice from each landowner who did not request service.
- ~~m. The estimated number of customers to be served for each of the first five years of operation, including documentation to support the estimates.~~
- m. If a landowner did not respond to the notice of the application, the application shall include a description of the action taken by the applicant to obtain a written response from the land owner.
- ~~n. Appropriate city, county and/or state agency approvals.~~
- o. The estimated number of customers to be served for each of the first five years of operation, including documentation to support the estimates.
- p. The name of the wastewater service provider in the area under application.

- q. A description of how water will be provided for golf courses, ornamental lakes, other aesthetic water features, greenbelts, or parks within the area under application.
 - r. Plans or description of water conservation measures.
 - s. Backflow prevention tariff, if not already on file.
 - t. Curtailment tariff, if not already on file.
 - u. Physical Availability Determination, Analysis of Adequate Water Supply, or Analysis of Assured Water Supply from the Arizona Department of Water Resources or, in the alternative, the status of the application.
 - v. For applications for extensions of Certificate of convenience and Necessity, the applicant shall also submit:
 - i. A current compliance status report from the Arizona Department of environmental Quality. This status report shall be dated no more than 30 days before the filing date of the application for extension.
 - ii. A water use data sheet for the existing system(s). A separate water use data sheet, identified by the Arizona Department of Environmental Quality Public Water System Identification Number, shall be submitted for each separate water system.
3. Upon the receipt of such application, the Commission staff of the Utilities Division shall review the application for compliance with the information requirements of this regulation; additional information, amendments and/or corrections to the application to bring the application into compliance with this regulation shall be governed by the Commission's rules of administrative and hearing requirements concerning incomplete applications.

4. Once the applicant has satisfied the information requirements of this regulation, as well as any additional information required by the staff of the Commission's Utilities Division, the Commission shall, expeditiously as reasonably practicable, schedule hearings to consider such application.

B.C. Application for discontinuance or abandonment of utility service

1. Any utility proposing to discontinue or abandon utility service currently in use by the public shall prior to such action obtain authority therefore from the Commission.
2. The utility shall include in the application, studies of past, present and prospective customer use of the subject service, plant or facility as is necessary to support the application.
3. An application shall not be required to remove individual facilities where a customer has requested service discontinuance.

C.D. Additions/ or extensions of service contiguous to ~~outside~~ existing Certificates of Convenience and Necessity

1. Each utility which proposes to extend utility service to a ~~location~~ parcel not within its certificated service area, but located in a non-certificated area contiguous to its certificated service area, shall prior to the extension of service, notify the Commission of such service extension. Such notifications shall be in writing and shall be verified and shall set forth, at a minimum, the number of persons or entities proposed to be served by such service extension, their location in relation to the certificated area of the utility and a statement of the utility that the service extension is to a non-certificated ~~area~~ parcel which is contiguous to its certificated area. Where emergency service is required to be provided to a customer in a non-certificated area contiguous to the utility certificated area the

utility shall advise the Commission simultaneously of such extension and the written notification shall set forth the nature and extent of the emergency.

2. ~~For purpose of this rule the following definition of "contiguous" is: Contiguous—~~
~~Common, ordinary and approved meaning. In actual close contact; touching; bounded or~~
~~traversed by.~~

ARTICLE 6. SEWER UTILITIES

R14-2-602. Certificate of Convenience and Necessity for sewer utilities; additions/extensions; abandonments

- A. For purpose of this rule, "contiguous" is defined with its common, ordinary and approved meaning: In actual close contact; touching; bounded or traversed by.

A.B. Application for new Certificate of Convenience and Necessity or extension of Certificate of Convenience and Necessity

1. Any person or entity who desires to construct and/or operate a sewer utility will, prior to commencement of construction of utility facilities, file an application for a Certificate of Convenience and Necessity with the Arizona Corporation Commission.
2. ~~Six copies of each~~ Each application for a new Certificate of Convenience and necessity or extension of a certificate of Convenience and Necessity shall be submitted in a form and number prescribed by the Commission and shall include, at a minimum, the following information:
 - a. The proper name and correct address of the proposed utility company and its owner, if a sole proprietorship, each partner if a partnership, ~~or~~ the President and Secretary if

- a corporation-, or managers(s) and/or members of the L.L.C. (if management is reserved to the members) if a L.L.C;
- b. A copy of the applicant's Articles of Co-Partnership or Articles of Incorporation for the applicant and/or Bylaws if the utility is a non-profit organization or association, or Articles of Organization if the utility is a L.L.C. for a new Certificate of Convenience and Necessity or the applicant's Certificate of Good Standing for an extension;
- ~~e. The type of plant, property, or facility proposed to be constructed.~~
- ~~d.c.~~ A complete description of the facilities proposed to be constructed, including a preliminary engineering report with specifications in sufficient detail to properly describe the principal systems and components ~~and final and complete engineering specifications when they become available (e.g., collection mains, trunk lines, lift stations, treatment plants, effluent disposal areas, etc.)~~ in order to verify the costs submitted as part of R14-2-602(A)(2)(e) and to verify that the requirements of the Commission and the Arizona Department of Environmental Quality can be met;
- d. A copy of the Aquifer protection Permit issued by the Arizona Department of Environmental Quality for the proposed area or, in the alternative, the status of the application for the Aquifer Protection Permit;
- e. ~~The rates proposed to be charged for the service that will be rendered because of the proposed construction.~~ The estimated total construction cost of the proposed off-site and on-site plant facilities, including documentation to support the estimates, and an explanation of how the construction will be financed, such as, but not limited to debt, equity, advances in aid of construction or contributions in aid of construction;
- f. ~~The estimated total cost of the proposed construction.~~

- ~~g.~~ ~~The manner of capitalization and method of financing for the project.~~
- ~~h.f.~~ The financial condition of the applicant;
- g. The rates proposed to be charged for the service that will be rendered;
- ~~i.h.~~ The estimated annual operating revenues and expenses that are expected to accrue from the proposed construction for the first five years of operation, including assumptions made to derive the estimates;
- ~~j.i.~~ The estimated starting and completion date of the proposed construction. If construction is to be phased, the phases shall be described in detail;
- j. A copy of any request for service for the area under application with the requested wastewater service provider identified;
- k. Maps of the proposed service area- identifying:
 - i. The boundaries of the area under application with the total acreage noted;
 - ii. Land ownership boundaries indicating the acreage of each parcel within the area under application if the area under application is comprised of two or more parcels that are owned by different parties;
 - iii. The owner of each parcel comprising the area under application;
 - iv. The corporate limits of any city or town that cross or are within five miles of the area under application;
 - v. The service territory of any public service corporation, municipality or district currently providing water or waste service within one mile of the area under application, the name of any such entity and the type(s) of service(s) it is providing;

- vi. The location of any known sewer service connections within the area under application;
- vii. The location of all proposed developments for the area under application;
- viii. The proposed location of all principal systems and components described in R14-2-602(A)(2)(c); and
- ix. The location of all parcels for which a copy of a request for service has been provided per R14-2-6-2(A)(2)(j).
- l. ~~Appropriate city, county and/or state agency approvals.~~ A copy of the applicant's notice of the application to all the landowners in the area under application who did not request service;
- m. ~~Estimated number of customers to be served for the first five years of operation, including documentation to support the estimates.~~ The written response to the notice from each landowner in the area under application who did not request service;
- o. Appropriate city, county and/or state agency approvals;
- p. Estimated number of customers to be served for the first five years of operation, including documentation to support the estimates;
- q. The name of the water service provider in the area under application;
- r. A description of how effluent from the area under application will be reused, or if not reused, a description of the disposition of the effluent;
- s. For applications for an extension of a Certificate of Convenience and necessity, the applicant shall also submit:

- i. A current compliance status report from the Arizona Department of Environmental Quality. This status report shall be dated no more than 30 days before the filing date of the application for extension.
 - ii. A wastewater flow data sheet for the existing system(s).
3. Upon the receipt of such application, the Commission staff shall review the application for compliance with the information requirements of this regulation; additional information, amendments and/or corrections to the application to bring the application into compliance with this regulation shall be governed by the Commission's rules of administrative and hearing requirements concerning incomplete applications.
4. Once the applicant had satisfied the information requirements of this regulation, the Commission shall, as expeditiously as reasonably practicable, schedule hearings to consider such application.

B.C. Additions/ or extensions of service contiguous to existing Certificates of Convenience and necessity. Each utility which proposes to extend utility service to a ~~person~~ parcel not located within its certificated service area, but located in a non-certificated area contiguous to its certificated service area, shall, prior to the extension of service, notify the Commission of such service extension. Such notification shall be in writing and shall be verified and shall set forth, at a minimum, the number of persons or entities proposed to be served by such service extension, their location in relation to the certificated area of the utility and a statement of the utility that the service extension is to a non-certificated ~~area~~ parcel which is contiguous to its certificated area. Where emergency service is required to be provided to a customer in a non-certificated area contiguous to the utility certificated area, the utility shall

advise the Commission simultaneously of such extension and the written notification shall set forth the nature and extent of the emergency.

C.D. Application for authority to abandon, sell, lease, transfer, or otherwise dispose of a utility.

Any utility proposing to sell, lease, transfer, or otherwise dispose of the utility shall, prior to such sale, lease, transfer, or other disposal, file an application for authority to do so including the following information:

1. The address of the applicant.
2. A description of the utility property proposed to be abandoned, sold, leased, transferred or otherwise disposed of.
3. The financial condition of the applicant.
4. The name of the purchaser, lessee or assignee.
5. The terms and conditions of the proposed abandonment, sale, lease, or assignment and copies of any agreement which has been or will be executed concerning the same.
6. The effect of the proposed transaction upon the service of the applicant.
7. The method by which the proposed transaction is to be financed.
8. The effect the proposed transaction will have on any other utility and, if so, in what respect.

D.E. Application for discontinuance or abandonment of utility service

1. Any utility proposing to discontinue or abandon any type of utility service currently in use by the public shall prior to such action obtain authority therefore from the Commission.

2. The utility shall include in the application, studies of past, present and prospective customer use of the subject service plant or facility as is necessary to support the application.
3. An application shall not be required to remove individual facilities where a customer has requested service discontinuance.
